# A POWERFUL PLATFORM TO MAP BUSINESS CONNECTIONS

Handshakes is one of the most powerful analytics tools in Asia, providing a streamlined service for efficient searches of business or person profiles and relationships across various Asian markets. Just as a nucleus is the main control system of a cell, Handshakes is a one-stop, central operating analytics platform that maps out all possible and existing connections between companies and persons. Its extensive search functions and comprehensive database is a valuable resource for analysts, investors and investigators.

With a mobile app, Handshakes provides professionals with the convenience of making effective and quick searches on-the-go. In the business world, time is money and Handshakes strives to bring you fresh and actionable insight, swiftly and effectively, every single time.
